RE: **Approval of Products/Services for Listing on the GSA APL**

Office of Management and Budget (OMB) issued M-06-18 that requires Federal Agencies to procure only qualified products and services listed on the GSA Approved Products List (APL) when implementing HSPD-12 into their environment. Procurement of approved products and services facilitates the government-wide objective of a federated and interoperable ICAM segment architecture, and ensures compliance, consistency and alignment of commercially-available products and services with the requirements and functional needs of government ICAM implementer.

Accordingly, the FIPS 201 Evaluation Program (Program) is very pleased to inform you that the following product/service has passed testing against all applicable Testing Requirements. Please see the attached document that summarizes the specific parameters of the approval (e.g., product/service profile, what your product/service was tested with). Your product/service will now be listed on the APL as shown below. If there are any errors in the listing information, please notify me within five (5) business days of receiving this letter.

1   Category-PACS Infrastructure (APL #10019)

Case File Number APL-140004

- (APL #10019)
  - PIV Command Centre
  - Controller 6000 High Spec – PIV

1.1   Product/Service Information

Organization Name:	Gallagher
Name of Product or Service:	PIV Command Centre
Part Number:	C201611
Hardware Version:	
Software Version:	vEL7.20
Firmware Version:	

Organization Name:	Gallagher
Name of Product or Service:	Controller 6000 High Spec - PIV
Part Number:	C305101
Hardware Version:	
Software Version:	
Firmware Version:	vGR7.20

1.2   Restrictions:

This product has been tested and approved as a component of a fully compliant FICAM Solution. The end to end solution components used to test the FICAM compliance of the approved solution are listed below.

- Validation System   (APL# 10020)
